

Custom Design

- ATS is world renowned for its custom designed solutions with over 4,000 custom heat sinks designed
- Heat sinks designed for BGA, ASIC, CPU, GPU, Power Brick, IGBT, LED, LGA, DSP, TSOP, DIP applications
- ATS solves the toughest thermal challenges across a wide variety of industries, whether air or liquid cooled
- Superior thermal performance of custom and off-the-shelf heat sinks always exceeds customer's requirements
- ATS provides rapid prototyping from its US-based manufacturing facility for quick turnaround time
- ATS provides cooling solutions integrating heat sinks, heat pipes, heat exchangers, fans & cold plates in addition to offering products for the entire liquid-loop (chillers, connectors, etc.)
